**Subjet: Protest note due to attempt admission Kosova Hunters Federation to FACE membership**

Kosovo Hunters Federation was not founded in 1949, but after 2000 year.

All the time exists Hunting Association of Kosovo and Metohija, which is founded in 1949., whos president is professor Ilija Elezović, and they are constantly members of Hunting Association of Serbia, from the day they were founded, untill now.

Kosovo and Metohija is not member of United Nations.

Kosovo and Metohija is not officialy even a candidate to enter EU.

From 28 countries which are members of EU, so-called state of Kosovo is not recognized by Cyprus, Greece, Romania, Slovakia and Spain.

Under the patronage of EU negotiations are conducted about normalization of the relationship between Priština and Belgrade. After the end of this process, everything will be clearer.

Because of that we require from FACE not to adopt a request from Kosova Hunters Federation for admission to FACE membership, until position of Kosovo and Metohija in Europe is clear.

**With best regards,**

**Dragan Šormaz**

**President of Hunting Association of Serbia**
