Subject: Request for meeting on importation of Wolf trophies from Serbia

Dear Ms Maire,  
Dear Mr Romero,

FACE has been looking into the importation of Wolf trophies from the Republic of Serbia, at the request of the Hunting Association of Serbia, one of FACE's members. At the moment, the importation of Wolf trophies from Serbia into the European Union is not possible, following a negative opinion of the EU Scientific Review Group on 9 April 2015. This decision has been accepted by the Committee on Trade in Wild Fauna and Flora on 10 April 2015.

Unfortunately, there is no further information on this decision, therefore, we would like to request a meeting to receive more information on this and further discuss it with you. If possible, we would like to bring along the President of the Hunting Association of Serbia, Mr Šormaz Dragan.

We are looking forward to your reply,

Yours sincerely,

Ludwig Willnegger

European Federation for hunting and  
Conservation (FACE)

Sormaz Dragan

Hunting association of Serbia
